PROFESSIONAL SUMMARY

Frontend Developer and Systems Analyst focused on building modern, responsive, and maintainable web interfaces and applications. Hands-on experience with React, JavaScript, TypeScript, Next.js, Tailwind CSS, Supabase, Git, and Figma. Focused on usability, visual clarity, and building functional web solutions.

TECHNICAL SKILLS

Frontend: React, JavaScript, TypeScript, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend & Data: Supabase, Node.js, Express, SQL, MongoDB

Tools: Git, GitHub, Vite, Figma, Trello, Linux

PROFESSIONAL EXPERIENCE

NetMakers — Frontend Developer Intern | [@net.makers](#) | Apr 2024 – Sep 2024

- Contributed to the development of web interfaces using React, Next.js, TypeScript, and CSS.
- Used Git, Trello, and Figma as part of the team's development and collaboration workflow.
- Implemented and adapted responsive components and interfaces based on design requirements.

FEATURED PROJECT

YourUnits — Property & Rental Management | www.yourunits.com

React · Supabase · Tailwind CSS · Vite

- Developed a web application for property and rental management with role-based dashboards for property owners and tenants.
- Implemented property, contract, utility, invoice, payment, and payment receipt management.
- Integrated Supabase for authentication, database services, and application data management.
- Built a responsive interface for desktop and mobile devices, focused on clarity and ease of use.

EDUCATION

Systems Analyst — Instituto Superior de Informática Virasoro (ISIV), Corrientes, Argentina | 2018
